 - Anzac Day – **feedback – Jo Horsnel “we nailed it” TH to follow up with Jo to capture the feedback. Carol Easton the stand in pastor “smashed it “with her real-life Clarendon experiences making it memorable. The day went well overall however in our continuous improvement pursuit we can investigate the following ... is there a protocol for order of laying wreaths? ... morning tea saw lots of sweets and more savory need a bit of pre-planning to balance out (Church & Kindy) ... Op Shop Anzac Day event went well with more communication and information needed to avoid any misunderstanding. CNC had a breakfast BBQ for members at oval and walked to event. Road closure and overall atmosphere was brilliant. The photo's, videos and light show was amazing (again) Brad is amazing and we all will make time to thank him and search for a recognition award to acknowledge more formally. One downside was noticeable poor behaviour of a couple CNC attired people – we are not sure how to deal with this but a quiet word to CNC community member may be the way – to address but not inflame.**
