Jayne discussed changing the title of 'road' to 'lane' for our narrow roads such as St Ninians, Hollitt, Luke, Oval maybe Nicole too, as this was another way to slow drivers as term 'lane' implies narrow. Alida wasn't in favour as it wasn't taken to the community in the signature petition and suggests it not to be included in the road safety, she also has concerns that Luke St is already confusing as people refer to Luke 'street' as 'road', adding lane will make it more confusing and suggested that the topic of 'road' to 'lane' be taken to the community meeting in June. David doesn't believe there is enough room for a pedestrian crossing on Grants Gully Road so another solution may be needed. Alida and Jayne have shared documents with the Committee – thank you for your work. They will be discussed further via email as we hope to move this project forward rather than waiting another month.

5.2 Community:

- **Community Garden:** application for \$27,000 grant was lodged. Decision will be made by 2nd June. Conversations with local church is positive however the land use needs to be approved by their head office. Mark will organise a walk around with church members and community gardens committee to get a better idea of how much space will be needed.
- **Primary School:** Alida will speak to them about taking the second-hand uniforms up to the school to sell themselves as well as encouraging more volunteers to work at the Op Shop
- **Historic Hall/GG Road Amenities:** Time for toilet upgrade, drinking fountain, bike pump – to stay on agenda
- **Anzac Day:** Review – follow up with Gavin about the police opening the road before the service had finished. Great feedback and thank you so much to Brad for all his efforts.
- **Hazel McKenzie:** Heating upgrade & Resilience Grant Funding - the committee will hold on to the funds at this time and to hopefully help with the funding for a solar storage battery or other relevant purpose
